

ACFSA SCHOLARSHIP OPPORTUNITIES

Are you ready to change somebody's life?

In today's economy, and with tight budgets, some Correctional Food Service Professionals are restricted from attending conferences and learning about the products and services they need for career development and to better perform their duties at their institutions. As a result, many use vacation time and pay their own way, and it can put a strain on their already tight budgets. We'd humbly request your help to provide funds for Scholarships to help members attend Conference and have the opportunity to meet with vendors like you!

ACFSA offers up to 10 Scholarships in the amount of \$750 to help with their expenses and we need your help to reach that goal. For any donation of \$250 or more, your company will receive recognition on signage and during sessions at Conference, as well as on the pages of INSIDER Magazine.
